

Fact Sheet

About ATHOMES

Originally founded in 2011, a volunteer group of suppliers joined together to create an association focused on the issues of HME companies in Tennessee. The Association for Tennessee Home Oxygen & Medical Equipment Services (ATHOMES) has transformed into a strong, vibrant leader within the HME industry.

Mission

ATHOMES is an active, member-driven trade association exclusively focused on serving the needs of all types of home medical equipment suppliers in Tennessee, the customers and family caregivers they serve, and homecare vendors who provide quality products and resources.

Why ATHOMES

- Representation at regional and national meetings,
- Participation in an extensive communications network,
- Education seminars covering a wide variety of timely and useful topics,
- Promotion of community efforts to improve and advance the industry,
- Information and advice based on years of industry experience,
- E-mailed news and the content available on this site are a primary benefit, and
- Access to advice, referrals, sample letters, and more.

Member Benefits

Communications

Member-exclusive committee updates, latest industry news, and advertising opportunities for Associate members.

Education

Numerous education opportunities in multiple formats facilitated by ATHOMES and its industry affiliates and partners.

Advocacy

Lobbying power at the state and national levels via grassroots efforts, committee work, and positive working relationships with trade and patient advocacy organizations.

Discounts

Reduced rates on high-quality programming, meetings, webinars, entertainment, accreditation fees, and seminars.
